

GitHub update notes

1. Replace your current index.html with the new index.html file.
2. The Repository-friendly workflow block on page 4 has been removed.
3. Development fee logic now follows the attached fee table exactly:
 - Shodan R400 / Development R200 / Japan Certificate R2300
 - Nidan R500 / Development R250 / Japan Certificate R2700
 - Sandan R600 / Development R275 / Japan Certificate R3200
 - Yondan R600 / Development R300 / Japan Certificate R4800
 - Godan R700 / Development R300 / Japan Certificate R9000
 - Rokudan R1000 / Development R500 / Japan Certificate R12500
4. The fee summary only shows the active fee structure for the selected student type.
5. The Japanese grading form must be printed before payment and final submission are allowed.
6. Reference numbers use the dojo registration number plus -010.
7. A WhatsApp draft, email draft, and downloadable submissions CSV are included.
8. Because GitHub Pages is static, automatic attachment sending and server-side Excel writing are replaced with mailto/WhatsApp drafts and a downloadable CSV register.
